One service you can list in your service plan is career planning.

Career planning services help people find a job in the community.

One part of career planning is a self-employment launch. Self-employment launch helps people that want to be self-employed, or start their own business.
Being self-employed means that you work for yourself doing a job that you created.

Being self-employed means that you decide the hours that you work. And you take responsibility for your business.
